

Crystal Mountain Avalanche

Counter-Top Cold Water Dispenser

Features:

Small Footprint

Conveniently fits kitchen counter-top and saves counter space

Compressor Operated

Provides exceptional cooling and runs very quietly

LED Display

Indicates when cold water is running at optimum temperatures

One-Piece Removable Drip Tray

Dishwasher safe

Stainless Steel Removable Reservoir

Cold Water On Demand

High density polyethylene (HDPE) Casing with 1.8L volume. Cold Water cooling capacity of 3.5L/hour based on 69.8° F room temperature

Other Counter Top Water Options:

ION Pure Refreshment

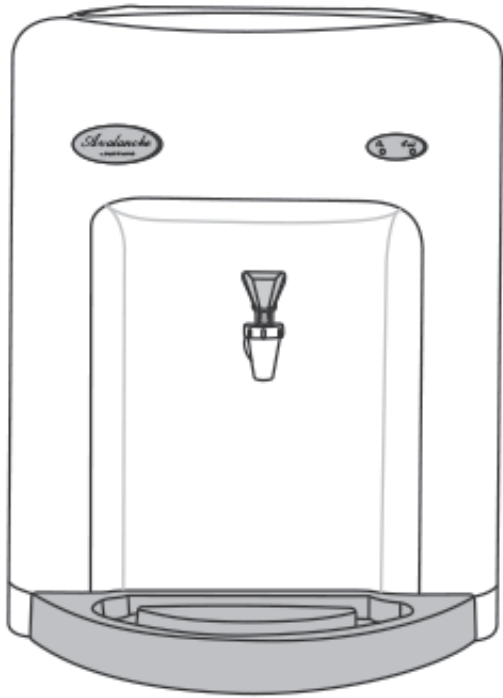

Follett Series

Chiller 3CT

Keep Your Water Sparkling

Industry standards recommend changing out your ice, water and coffee line filters every 6 months, depending on your water conditions. Regular filter changes and maintenance keep your machine running at peak performance, and your drinks sparklingly clear.

Each filter contains a built-in prefilter to remove sediment and coarse dirt particles. Inner workings then effectively filter out smaller particles that affect taste, protect the equipment from abrasion and lower energy costs by reducing limescale. Activated carbon block filters reduces chlorine taste and odor, so that the flavor of your beverage shines.

Dimensions
H 16.5" x W 13" x D 14.5"

Dry Weight
25.6 lbs

Electrical
100-115VAC, 60Hz, 74W

Water Options
Cold

Water Supply Option
Direct-Plumbed
